

THE M-OMULIMISA APP

Presented by
Ms. Ruth Buteme
Uganda Christian University

M-OMULIMISA APP

- Providing agricultural extension services through the mobile phone.
- No need for a smart phone
- Students, extension workers and lecturers can respond to farmers' queries.
- Students' responses are first verified by lecturers before being sent to the farmer.

FARMER REGISTRATION

- Farmers expected to register first.
- Type **“Farmer”** space **“district”**
space **“sub-county”** space
“farmer’s full name” send to 8228

HOW TO SEND A QUESTION

Type:

- **“Manya” or “Farm” or “Aingiset”** then type the question and send to 8228.

- For example:

Aingiset my plants are turning yellow, what could be the problem?

Send to 8228

QUESTION RECEIPT AND RESPONDING

- Questions are received on the interface, when a student responds, their answers to the farmers are first verified by a staff member, then sent to the farmers.

THANK YOU VERY MUCH.

**I HOPE WE KEEP IN
TOUCH**
